

Original house

Portion of front facade was extended and finished with lime stone

Kitchen area; ceiling was raised

Foyer and stair to basement

Squirrel Hill, Pittsburgh PA • 1987-2002

Phased renovation and addition to a small 50's ranch style home built among larger older homes. Stoneclad addition at entry and kitchen enlarged the facade and provided gracious foyer and open kitchen. 2 story addition in rear has master bedroom suite and additional bedroom and bath turning the small modest building into a luxury home.
